G&H
Exclusively from Amway™

NATURALLY INSPIRED. THOUGHTFULLY MADE.

G&H is gentle bath and body care that provides healthy-looking skin for the whole family, and is thoughtfully crafted with:

NATURALLY INSPIRED INGREDIENTS

G&H products use familiar, naturally inspired ingredients that are blended to create unique, nurturing formulas. They are sulfate-free, wheat-free, dermatologist and allergy-tested, and have no animal ingredients.

EXPERTISE

The same experts behind the Artistry™ and Nutralite™ brands developed this wholesome bath and body care line.

SUSTAINABLE PRACTICES

Packaging is 100% recyclable* and manufactured with 100% electricity from wind power to fully support environmental consciousness.

*Bottles and cartons only.

12 new G&H bath and body products are available in three complementary collections.

is rich and creamy, and hydrates and moisturizes skin.

is lightweight and silky, and revitalizes skin.

deeply cleans, purifies, and protects skin from the environment.

G&H Nourish+™ hydrates skin with creamy formulas that include an exclusive blend of orange blossom honey, rich shea butter, and pumpkin seed oil.

Orange Blossom Honey is one of nature's best moisturizers. After extensive testing of hundreds of different honeys, G&H scientists discovered honey produced by bees that get their nectar from orange blossoms is best.

Shea Butter is naturally rich in vitamins and incredibly nourishing for skin. Throughout history, and even today in Africa, it is used to protect skin against the hot, dry winds of the desert.

Pumpkin Seed Oil is a super food that is rich in essential fatty acids and vitamins.

HAND CREAM**

Leaves skin moisturized for up to
24 hours, even after handwashing.

11-8114 Three 30 mL Tubes

G&H Refresh+™ revitalizes and soothes skin with lightweight formulas that contain an exclusive blend of aloe, grape seed extract, and green tea extract.

Aloe sourced from the desert was chosen out of over 400 species in the genus, as it retains moisture in dry climates.

Grape Seed Extract from red grapes has 20 times the protective power of vitamin E.

Green Tea Extract retains more nutrients than other teas because it is not fermented. The Japanese have one of the longest life expectancies in the world, partly attributed to drinking green tea.

**1. G&H REFRESH+™
BODY MILK**

Instantly absorbs and leaves skin moisturized for up to 24 hours.

11-8104 400 mL Bottle

11-8111 1.6 L Refill

G&H Protect+™ protects skin from the environment with a unique blend of white tea, natural minerals, and bilberry extract, plus exclusive deodorizing technology that locks onto and neutralizes odors.

White Tea Extract is known for protective qualities, because it is picked early in the spring when the white buds are young.

Natural Minerals have been used for bathing treatments for thousands of years.

Bilberry Extract contains good-for-you compounds called anthocyanins, which have long been used for their beneficial properties.
