

## HOW-TO BUSINESS ESSENTIALS: AMWAY ID

Amway ID is the new way IBOs and Customers will connect to the Amway website and to Amway apps like the ones built for the BodyKey™ SmartLoss™ System, the Atmosphere Sky™ Air Purifier. Every Amway ID is unique to each person so they are in total control of their own information and data.

**All IBOs will need to create their own Amway ID and link it to their existing business(es).** If two or more people are on the same business, they will each need their own Amway ID.

If you previously created a ConnectID for Amway product apps (for example, Atmosphere Sky™ or BodyKey™), it has already transitioned to an Amway ID.

**You will need the following information to create your Amway ID:**

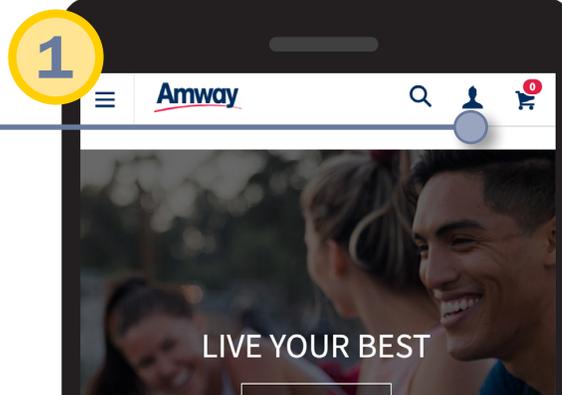

1. The **email address** or **mobile phone number** you will use as your Amway ID
2. The **password** you will use to access that email account
3. Your **username** and **password** you currently use to login to the Amway website, or you can use your **personal information** (IBO number, last name, and email address)
